# Anglican Chant Workshop

Presented by  
Dr. Alan Lewis, Peter Luley,  
& William Ogburn

*Anglican Chant is one of the great treasures of the church, but is a declining practice for psalm singing. This workshop seeks to preserve and promote the use of Anglican Chant in the parish by providing practical approaches to this time-honoured method. Church musicians, choir members, clergy, and lay people of all ages and from all denominations may benefit from attending.*
