## Workshop Details

Can you imagine ...A room with 8 or more 3 to 7 year old children sharing a worship experience so enjoyable that they don't want to leave when the hour is over?

Children and Worship is an exciting ministry that provides a meaningful, yet age-appropriate worship experience for young children. It teaches children about the joy of being still and quiet when we listen to God's stories. Both children and adults learn about the importance of being in community during worship.
