

Announcing our Summer 2014 Webinars and Trainings for Volunteers of the

UNITED THANK OFFERING

Beginning in June, the United Thank Offering Board will offer monthly webinars to address areas of interest for UTO coordinators. The topics were determined by the April UTO survey results. We are offering these webinars to strengthen and support the ministry of UTO in parishes and dioceses. We are offering the same topic multiple times in the hopes that as many of you will attend as are able. We hope that these webinars will bring Coordinators, volunteers and diocesan staff together on a more regular basis to share ideas, ask for help and develop new ways of strengthening UTO in their diocese. We look forward to connecting with you!

In June we will offer a one hour webinar to learn ways to increase the visibility of UTO in the diocese and within the parish. Participants will be invited to share stories or ideas with one another as well as ask questions from your host, Sandra Squires, Province VI Representative. **In July we are pleased to announce that our hosts will be two very supportive Bishops of UTO: Stacy Sauls and Leo Frade.** Please join them to learn how they created structures of support for UTO in their diocese and what UTO means to them. You'll also have time to ask questions. In August we will offer a webinar by Province so that you can connect with people in your area to share ideas, ask questions and learn more about UTO. The login information and time will be contained in the email from your Provincial Representative.

To Join any webinar visit: www.JoinGoToMeeting.com
& Enter the Meeting ID shown below.
