ECW Spring 2018 Grant Applications Due April 5

The Diocese of Pittsburgh's Episcopal Church Women (ECW) will be making outreach grants in the spring.

The ECW particularly seeks to support hands-on ministries that help children, adults and families in need of assistance with food, nutrition, health care, housing, education and counseling.

The grants are primarily designed for ministries within the diocese and with the goal of even distribution across all districts. It is hoped that these small grants will enable the continuation of existing ministries on the local level. However, the ECW will continue its policy of also awarding grants to some national and international ministries such as Episcopal Relief & Development.

[Click here for the grant application and submission instructions.](#) Applications for the Spring 2018 Grants must be submitted before April 5, 2018.
