Join the Beloved Community Initiative of the Episcopal Diocese of Pittsburgh for a transformative musical journey that bridges worlds and weaves stories of shared human experiences. Kory Caudill, a virtuosic pianist, and Wordsmith, a prolific spoken-word artist, have teamed up to create “A Concert for the Human Family.” Their harmonious blend of Appalachia, virtuosic piano, Hamilton-like narratives, and modern pop has been celebrated and embraced across the nation, touching hearts and igniting conversations around unity, love, and our shared humanity.

Now, Pittsburgh, the city of bridges, becomes the latest canvas for this musical tapestry, binding together diverse sounds and tales from all walks of life. Dive into musical narratives that traverse two distinct worlds, revealing how strikingly similar they can be.
