Participation in the Denominational Health Plan of the Episcopal Church provided by the Medical Trust of the Church Pension Fund of the Episcopal Church was mandated by the 76th General Convention of the Episcopal Church in 2009, Resolution A177, amending Canon I.8. The effective date of the canonical mandate for participation in the Denominational Health Plan was January 1, 2013.

All parishes, dioceses, and other organizations and institutions subject to the authority of the Constitution and Canons of The Episcopal Church and of the Episcopal Diocese of Pittsburgh are required to offer medical benefits on an equal basis to all Clergy and Lay Employees scheduled to work 1,500 hours per year or more through the Denominational Health Plan, and may not contract to offer such benefits through other providers.

While it is not canonically mandatory, Clergy and Lay Employees of parishes and other organizations under the authority of the Episcopal Diocese of Pittsburgh working fewer than 1,500 hours per year but at least 1,000 hours per year are eligible to participate in the Medical Trust's health insurance coverage voluntarily and at their own expense. Parishes and other organizations may, but are not required to, participate in the cost of the health plan if the employee chooses to participate. Those persons working less than 1,000 hours per year are not eligible for these benefits.

Each year the Bishop, with the advice of the Compensation Committee appointed by the President of Diocesan Council, will recommend one or more plans from the Denomination Health Plan offerings to be approved by Diocesan Council. Each eligible participant, clergy or lay, then selects a plan from that diocesan menu during the Open Enrollment period. The parish or other employing organization or institution receives and pays the Insurance Premium invoice.

Individual Clergy and Lay Employees scheduled to work 1,500 hours per year or more (but not parishes or other organizations) may choose to “opt out” of participation in the Denominational Health Plan if they are currently receiving comparable medical benefits through dependent coverage in a parent or spouse’s plan or through another employer or retirement benefit (e.g., Tricare). A Waiver of Health Benefits form must be completed by the employee and submitted to the diocesan office by the end of the Open Enrollment period. Employing parishes or other organizations may provide a financial “premium offset” when eligible Clergy or Lay Employees choose to decline the DHP benefit because they are otherwise covered.

Insurance Plan Offerings and Premiums: All Clergy and Lay Employees scheduled to work 1,500 hours per year or more shall be offered the choice of the medical and dental Denominational Health Plan programs approved by Diocesan Council and in the appropriate tier of coverage necessary for the Employee’s family situation. This year’s offerings are as follows:

Minimum Medical Premium Allowance (MPA): Each parish or other employing organization is required to allocate and fund a minimum Medical Premium Allowance (“MPA”) of \$1,371 per month to provide medical coverage for the Employee. In circumstances where the Employee elects a medical coverage which is less expensive than the MPA, the difference in cost is to be provided to the Employee in the form of a contribution to a Health Savings Account (“HSA”) which can then be used by the Employee to cover medical deductibles and copays required by the plan design chosen. In circumstances where the Employee elects a medical coverage which is more expensive than the MPA, the Employee will be responsible to pay the cost difference through a pre-tax payroll deduction each month unless the parish reaches a negotiated arrangement with the Employee to provide a higher MPA above the minimum requirement stated above, up to and including full premium payment covered by the parish. MPAs set by the parish may be negotiated at higher levels of allowance as long as there is parity between all Clergy and Lay Employees.

Medical Plan Options with Health Savings Accounts (HSA): Placing money into an HSA, in conjunction with a CDHP, is an effective way to manage out-of-pocket costs because employees can set aside funds to be used for qualifying medical expenses, such as deductibles and copays, on a pre-tax basis. For parishes that choose to provide more than the minimum coverage, such a parish-provided contribution is possible with no added cost since a CDHP option has a lower cost than other plans. Family coverage in a CDHP-20 plan results in annual savings of \$6,156 (\$513 per month) as compared to the PPO 80 plans. A parish could use that savings to contribute 100% of the amount of the CDHP-20 family deductible (\$7,200) to the employee’s HSA (for an employee enrolling in the CDHP-20) with an additional cost to the parish of \$1,044 per year. The employee would also benefit because he/she pays less since the deductible is paid in full, and keeps any unused HSA balance at year-end. Parishes should consider making the parish contribution to

the HSA early in the calendar year so that medical expenses incurred can be paid with available HSA funds.

Bishop's Contribution to Health Savings Accounts (HSA): The Bishop contributes \$650 each year into the Health Savings Account for every employee selecting either the CDHP-20 or CDHP-15 Plan.

Contribution Limit to HSA: The sum total of all contributions (i.e. Bishop contribution + employee contribution + parish contribution) into an HSA account in 2027 must not exceed the IRS contribution limit of \$4,500 for single accounts or \$9,000 for family accounts, with an additional \$1,000 catch-up contribution permitted for those age 55 and over.

Insurance Plan Cost Sharing: All Employees selecting a medical plan are subject to consideration by the parish for a premium cost-sharing arrangement. No cost sharing is permitted for a plan costing less than the MPA indicated above.

Medicare Secondary Payer – Small Employer Exception: Employees who are 65 years old and eligible for Medicare may enroll in a Medicare Secondary Payer (MSP) plan. In most cases, Medicare is the secondary payer of healthcare claims for employees covered under Medicare Part A and Part B, and the Medical Trust's health plan is the first, or primary payer. However, Medicare allows for an exception to the "secondary payer" rule for small employers (including all employers in the Diocese of Pittsburgh) who may request that Medicare serve as the primary payer for eligible Medicare beneficiaries by submitting an Employee Certification Form for each eligible participant seeking a "small employer exception."

When Medicare becomes the primary payer of Part A hospital claims, the cost of providing medical coverage is lower because the Medical Trust's health plan becomes the secondary payer. The reduction in cost reduces premiums compared to plans in which Medicare is not the primary payer. An employee's out-of-pocket medical costs may be lower, too. For an employee or their eligible dependent(s) to be approved for these plans, they must first be enrolled in Medicare Part A (hospital insurance). Individuals who opt for an MSP plan will continue to have access to the value-added benefits included in the Medical Trust plans. Please contact the Diocesan Office for additional information or to request a copy of the Member Fact Sheet.

Dental Coverage: Dental coverage is made available through the Denominational Health Plan and as approved by Diocesan Council. There is no requirement of parish funding for this benefit.

Employee Assistance Plan (EAP): To help address emotional, physical, family, and legal needs, the Medical Trust offers the Employee Assistance Program (EAP), through Cigna, to clergy and lay member enrollees of our medical plans, their covered dependents and any other household members free of charge. This benefit provides immediate and confidential help, referrals, resources, or just someone to talk to. The plan covers unlimited telephone consultations and up

to 10 face-to-face counseling sessions per issue at no member cost. EAP services can be reached by calling 1-866-395-7794 and using Employer ID “EpiscopalPSN”.

If you are not enrolled in one of the medical plans, but would like to utilize EAP services, enrollment is permitted for those working at least 20 hours per week and at a minimal cost of only \$4.00 per month. Contact the Diocesan Office for further details.
